A SPECIAL THANK YOU

To our Home Delivered Meals Staff & Volunteers

Duffy's Corner

For 34 years, Encore Community Services has been preparing and delivering homebound meals to thousands of seniors living in and around the West Side of Midtown Manhattan. A few years ago, Encore's homebound services dramatically increased as part of the city's overhaul of senior services in general. The number of organizations doing this work dramatically decreased, thus leaving the remaining agencies with a much larger number of homebound seniors to provide for. Encore is now responsible to feed 800 homebound seniors daily.

Without a truly dedicated and caring staff, this task would not be possible. Through snow blizzards, torrential rain, sweltering heat, at times the absence of some staff and volunteers, late or wrong deliveries from Encore's vendors, and equipment problems, all pitch in to be sure our seniors receive their nutritious well-balanced meals daily. It takes teamwork and a willingness to help with all tasks when and where ever needed. We are blessed with these good folks and in hearing from our homebound seniors they also feel blessed. **We Thank You.**
